**C. ROSENTHAL,**  
**32 Market St.**  
oct 19—  
Sign of the Show-Case.

**Howard University,**  
**WASHINGTON, D. C.**  
THE autumnal term of this institution, which is open to all without distinction of race or sex, will commence September 8, when admission may be had to the Normal, Preparatory, Collegiate and Theological Departments.  
Provision has been made for remitting the tuition of twenty-five students of proper qualifications in the Preparatory and Normal Departments. Colored youths, who with first class educational opportunities and in addition the peculiar advantage of the National Capital, will do well to send for a catalogue to J. H. JOHNSON, Secretary, Howard University, Washington, D. C.

**BEST** business now before the public You can make money faster at work for us than at anything else. \$12 a day and upwards made at home by the industrious. Men, women, boys and girls wanted everywhere to work for us. Now is the time. You can devote your whole time to the work, or only your spare moments. No other business will pay you nearly as well. No one willing to work can fail to make enormous pay by engaging at once. Costly outfit and terms free. A great opportunity for making money easily and honorably. Address TRUS & Co., Augusta, Maine, jun 27 6m

**Nicoll**  
**TAILOR.**  
SPRING and summer styles of Diagonals, S. Worsteds, English Tweeds and Cassimeres made to order in the most fashionable manner.  
Samples and Rules for self measurement sent free. Sample Department, 620 Broadway, New York. apr 12 21

**45 Years Before the Public.**  
**THE GENUINE**  
**DR. C. McLANE'S**  
**LIVER PILLS**  
FOR THE CURE OF  
Hepatitis, or Liver Complaint,  
DYSPEPSIA AND BILIOUS HEADACHE.

**Symptoms of a Diseased Liver.**  
PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternate with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a constant loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial, he is unable to take it.  
In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the liver to have been extensively deranged.

**AGUE AND FEVER.**  
DR. C. McLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL. For all bilious derangements, and as a simple purgative, they are unequalled.

**Beware of Imitations.**  
The genuine has a red wax seal on the lid, with the impression DR. C. McLANE'S LIVER PILLS. The genuine McLANE'S LIVER PILLS bear the signatures of C. McLANE and FLEMING BROS. on the wrapper.  
Insist upon having the genuine DR. C. McLANE'S LIVER PILLS, prepared by Fleming Bros. of Pittsburgh, Pa., the market being full of imitations of the name McLANE, spelled differently but same presentation.

**CAUTION!**  
See that the private Proprietary Stamp is on each bottle.  
**SOLD EVERYWHERE.**  
Dec 6-17

Leave Columbia..... 10:00 P. M.  
Leave C. & A. Junction..... 10:20 P. M.

# THE WILMINGTON POST.

WILMINGTON, N. C.  
SUNDAY MORNING, JAN. 31, 1881.

Reports from the southern parts of Indiana and Illinois and from contiguous territory, received at the *Quiver* office, state that there will be an almost entire failure of the wheat crop in that section, owing to the late planting and early and hard winter, a large portion of the wheat land being a mass of ice and the seed being frozen out. The reports say that not over a fifth of a crop can be made under the most favorable circumstances.

**The Tribune:**  
Our dear friend, Wade Hampton, has arrived, and is attending to his senatorial duties. He has a new wooden leg made from timber grown in that section of the country where Lee and Jackson "fought" for those principles. Wade, old boy, we are glad to see you! Shake! We congratulate you on the eminent services you rendered the Republican party in the recent campaign.

France, Belgium, and Germany have several schools in operation where youths are taught to work as well as instructed to read, write and cipher. The oldest of these was founded in Paris, in 1827, by the Freres des Ecoles Chretiennes, and in it children are trained to at more than fifteen different occupations. Their skill, and also the efficiency of their training, has of late been well proven, for their productions have obtained medals at the exhibitions of Paris, Vienna, and Philadelphia.

Kentucky Aspirant for a Cabinet Position.

A letter from Mentor brings the information that Mr. Howlett, of Louisville, had been there to urge General Garfield to appoint Colonel R. M. Kelley, now Pension Agent at Louisville, a member of his Cabinet. Mr. Howlett had first visited Governor Foster, armed with a letter from Mr. Henry Watterson, which requested the good offices of the Governor, first in explaining to General Garfield who Mr. Howlett was, and second, in assisting him to persuade General Garfield to entertain his request.

## AN IMPORTANT CIRCULAR.

**Method of Calling the Next Republican National Convention.**  
The following circular was issued by the Republican National Committee on October 8, 1880:

By Rule 10 of the Convention of June, 1880, it is provided that the Republican National Committee "shall, within the next twelve months, prescribe methods or rules for the selection of delegates to the National Convention to be held in 1884, announce the same to the country, and issue a call for that convention in conformity therewith, provided that such methods or rules shall include and secure to the several congressional districts in the United States the right to elect their own delegates to the National Convention." Preliminary to carrying into effect the foregoing rule, the National Committee, on July 1, 1880, adopted the following:

Resolved, that in order to aid this committee in carrying out the instructions of the National Convention, to prescribe and announce within one year, the methods or rules for electing delegates to the next National Convention, request is hereby made for the transmission to the committee of plans and suggestions on the subject from any person, prior to October 15, 1880. At a subsequent meeting the time for such transmission was extended to February 1, 1881, and it was also voted that a full meeting of the committee should be called to consider the subject some time in March, 1881.

Request is hereby made of the Republicans to whom this circular is sent, and of all others, to forward any plans or suggestions they may desire to make to the officers of the committee, before February 1, 1881.

MARSHALL JEWELL, Chairman,  
S. W. DORSEY, Secretary,  
Geo. W. HOOKER, Assistant Secretary.

The following plans had been previously submitted at the meeting of July 1, 1880:

**PLAN OF MR. WILLIAM E. CHANDLER, OF NEW HAMPSHIRE.**  
The Republican National Convention of 1884 shall consist of four delegates at large from each state and two delegates from each congressional district, all to be chosen at popular conventions in such manner as the Republicans of each state may determine, provided the delegates from each congressional district shall be the choice of the Republicans of that district. The conventions within the states for the election of delegates to the National Convention shall be held at least one month before the time for the meeting of the National Convention. Notices of contests may be given to the National Committee, accompanied by full printed statements of the grounds of contest, which shall also be made public, and preference in the order of hearing and determining contests shall be given by the convention according to the dates of the reception of such notices and statements by the National Committee.

**PLAN OF MR. JOHN A. MARTIN, OF KANSAS.**  
That the Republican National Convention for 1884 shall be composed as follows: First, Each state shall be entitled to four delegates at large. Second, Each Congressional district shall be entitled to one delegate. Third, In addition to delegates at large, each state shall be entitled to representation in proportion to its Republican vote; that is, one delegate for every 12,000 Republican votes polled for President in 1880, or fraction of over one-half that number.

The meeting of the National Committee has been called at Washington, March 24, 1881, and Messrs. William E. Chandler, Edward McPherson, and George C. Gorham have been designated as a committee to receive all suggestions that may be made and to prepare and submit a plan at that meeting. The renewed attention of all Republicans is called to this important question,

and they are requested to communicate their views at any time before March 1. Editors of Republican papers are requested to publish the circular and plans and to discuss the subject editorially.

Communications may be addressed to either of the Committee at Washington, D. C.

## A PAYING OCCUPATION.

The approach of the long winter evenings calls attention to the matter of a lamp, for without a good light half the pleasure or profit is taken from reading or study. Coal oil is now in general use for illuminating purposes outside of cities or large towns where coal gas is used, and when a proper lamp is used it is the best substitute for sunlight yet discovered. The principle or plan upon which the Student Lamp is constructed may be said to be the best in use, but the lamp itself has always had several objectionable features which we are glad to see are being done away with in the new aspirant for favor called the "HOME LAMP," manufactured by the Home Lamp Co. of Cincinnati. The great objection to most other lamps is their liability to be upset, the trouble to keep them in order, and the poor light given by them. The New Home Lamp is Nickel Plated, and almost a fac-simile of the Student Lamp; it has a handsome ornamented clamp by means of which the lamp can be at once easily adjusted in any position upon the center table, piano, music rest, sewing machine, desk, or by means of a handsome bracket, which goes with the lamp, can be placed upon the wall, and in whatever position it is placed it is absolutely safe. This is the great feature of excellence, but the New Home Lamp combines also the patent argand burner, a filling indicator and match box. No lamp has ever before been received with such universal favor or received such strong recommendations from the leading journals of Cincinnati. It is also endorsed by such men as the mayor and postmaster, several insurance presidents and express agents of that city as the safest, most convenient and best lamp made. The Company desires agents in this locality, and any smart lady or gentleman can make a handsome income during the next six months by canvassing for its sale. There is hardly a dozen families in this county who will not want one, and its price is so low as to bring it within the reach of all. For further information address, Home Lamp Co., Cincinnati, O., mentioning our paper and they will give you full particulars pan exclusive territory to canvass in.

nov 28-181.

## WILMINGTON MARKETS.

Jan. 22.

**SPIRITS TURPENTINE.**—The market remains quiet at 44 cents per gallon, with nothing doing.

**ROBIN.**—The market was quiet at \$1.40 for Strained and Good Strained, with sales as offered.
